

A diagram illustrating the relationship between a person, virtualization tools, and networks. At the top left, a black-outlined oval contains the word "Person". To its right are two rectangular boxes: a light blue one labeled "Vagrant-related" and a light green one labeled "Internal Networks". Below the "Person" oval is a purple rectangular box labeled "OS Programs outside VirtualBox". To the right of this purple box are two more rectangular boxes: a blue one labeled "VirtualBox-related" and a red one labeled "External Networks".
